

Highly Fragranced scrub in a TUB™

ONE-CARE BODY POLISH-FUSION

Transform your skin and the way you feel inside & out with 'scrub in a TUB™'. Improve skin health & tone and achieve softer skin with the first application. Innovatively formulated, several luxurious ingredients have been fused into one multi-beneficial, body-care creation. In one simple step - cleanse, exfoliate, moisturize, and fragrance with 'scrub in a TUB™'. It's an 'all-in-one' personal care product made with ultra-fine sea salt to polish, purify, stimulate blood flow and aid the healing of blemishes, acne, psoriasis & eczema along with Mediterranean olive oil & anti oxidant rich Vitamin E to promote radiantly moisturized skin. Long lasting fragrance completes the experience and the **aromatic scent remains for 8 hours or more**. Polish on and rinse off -- its that simple. **DIRECTIONS:** Apply scrub by hand, directly on to wet body. Step away from the water and polish until satisfied. Rinse grains, exit promptly and pat dry to retain moisturizing, aromatic oils. To decrease remaining oils, rinse longer or firmly rub dry -- you decide. Moisturizing oils will completely absorb to give skin a beautiful glow. For best results, use every other day, alternating with 'body oil RUB™'.

Highly Fragranced body oil RUB™

ONE-CARE BODY OIL-FUSION

Experience 'all-in-one' total body care with 'body oil RUB™'-- is it a moisturizer or is it a fragrance oil? Both products have now been fused in to one! 'body oil RUB™' is a must have tool for soft, supple, moisturized skin and the **aromatic scent remains for 8 hours or more**. 'body oil RUB™' is specially formulated with anti oxidant rich olive oil, Vitamin E and lavish fragrance to completely absorb; giving the skin a healthy glow without being greasy. 'body oil RUB™' can be used daily in place of lotion, applied after shaving, added to bath water, is **great for massage** (professional 'slip'), and **works well to repel biting insects**, naturally. 'body oil RUB™' is a versatile compliment to 'scrub in a TUB™' and exceptionally soft skin is achieved when both products are alternated. **DIRECTIONS:** Apply on to a slightly wet body daily or in between 'scrub in a TUB™' treatments.

Triple Concentrated fragrance OIL™

FOR HOME AND BODY

For home and body; fragrance oil is triple concentrated, cosmetic grade and FUN to add to a variety of your own products to create custom scented goods. Try some of our suggested ideas and/or come up with new ones!

FOR HOME: Use in fragrance oil burners; add 1 part oil to 3 parts water - replenish water as needed. Also try adding a few drops to the melted wax pool of an unscented (tea light) candle and/or blend into expired potpourri. To deodorize vacuum and refresh carpets: mix a few drops with baking soda, sprinkle and vacuum.

FOR BODY: Add a few drops to gel soap, body lotion, mineral oil, hair conditioner and/or shampoo. May also be worn directly on pulse points. Oil is not edible.

Highly Fragranced bath salt ART™

"AS MUCH ABOUT ART AS IT IS ABOUT THE BATH"

Stimulate the senses -- inhale deeply, relax, feel beautiful and let your soul be moved! The Salt Project™ brand bath salts are as much about **ART** as they are about the bath and are designed to provide a full body & soul experience. Beautifully colored, highly fragrant and formulated with 100% mineral-rich sea salt, use regularly after a workout to help ease muscle tension, reduce swelling, soften skin, speed the healing of nicks & cuts and help alleviate itchy skin conditions associated with psoriasis/eczema.

DIRECTIONS Add 1/3 cup or more (non-foaming) to hot water, soak for 10-20 min. Emerge renewed!

'bath salt ART™' - **The official brand for artistic glass layering**. Pour salts into bottle one color at a time. Tilt bottle on an axis, side-to-side as each new color is added. Our trademark blend of varied grain sizes will interlock to produce clean strong lines and compact structure. It's easy & FUN and will inspire endless creativity! Each finished piece becomes its own 'one of a kind', hand-made work of **ART**. Glassware sold separately.

Highly Fragranced foot soak SPA™

CREATE YOUR OWN THEMED PEDICURE

Add some FUN to the pedi experience by using The Salt Project's 'foot soak SPA™'. Give your pedicure a catchy name like: 'Margarita pedi', 'Paradise pedi' or 'Lavender Lane pedi' depending on choice of fragrance selected. For an indulgent & truly themed pedi, use 'scrub in a TUB™' to polish rough heels and 'body oil RUB™' for finishing massage... and the best part is that all 3 are available in the same 16 collection fragrances.

TSP brand foot soaks are richly colored to give the water a vibrant tint and highly fragranced for aroma therapy effect. Designed for hydrotherapy or jetted footbaths, the concentrated, fine-grain blend of 100% sea salt is **non-foaming**, quickly dissolves in water and will deodorize feet. Sea salt is naturally very healing and helps to reduce swelling, soften skin, speed the healing of nicks & cuts and improves circulation. 'foot soak SPA™' may also be used for a therapeutic, full body soak in the tub. **DIRECTIONS** Add 1 scoop or 1/4 cup to hot water and soak for 10-20 min. Scoop Included.
