### **Important Facts**

If you are dually eligible for both Medicare and Medi-Cal (Medi-Medi member), you can enroll anytime and can switch health plans monthly. If you are approved for membership, your coverage will begin the 1st day of the month following the month your health plan received your Enrollment Form. For example, if your health plan received your Enrollment Form during the month of January, your coverage will begin February 1st.

For straight Medicare Members, you can make plan changes such as enrolling in or requesting disenrollment, only at certain time of the year. Between November 15<sup>th</sup> and December 31<sup>st</sup> each year, anyone can make any type of change. Between January 1<sup>st</sup> and March 31<sup>st</sup> each year, you can make a change as long as you do not change your prescription drug coverage. Generally, you may not make changes at other times unless you meet certain special exceptions, such as if you move out of a health plans service area.
